[REDACTED] is concerned with possible compatability problems between RADAN and the several elint packages. He feels that it will be easier to eliminate the source of problems of this nature (power supply of the RADAN) rather than attempt to eliminate the results in his several systems.

Accordingly, he desires RADAN information. I suggested he first contact Ed and Henry at LAC, since they were close at hand, and also to contact RADAN people at [REDACTED] I told him that in the event these sources were unfruitful we would put GPL people from Pleasantville in touch with him so that they might work closely with him on mutual problems.

Will you follow this up?

George:
[REDACTED] from GPL will call
Burt today. GPL sees no problem.
